EMPLOYMENT OPPORTUNITY

CITY OF PIEDMONT

Announces

Open Recruitment for

SENIOR PLANNER

Base Salary: $6,719 - $8,167/per month

Closing Date/Time: Extended to August 26, 2016, 5PM

DEFINITION
Under general direction, administers advanced and complex current and advance planning activities, including serving as project manager for complex development applications and special projects; administers specified activities in such areas as zoning, advance planning, and environmental impact studies, protection, and compliance, as well as the capital improvement program (CIP); provides technical direction to lower-level staff; provides information and assistance to property owners, developers, contractors and the public; provides complex professional assistance to the Director of Planning, City Council, Planning Commission, and others in areas of expertise; oversees, reviews and performs a variety of studies and prepares and presents staff reports; and performs related work as required.

CLASS CHARACTERISTICS
This is the advanced journey-level class in the professional planning series with responsibilities spanning the entire spectrum of the planning function, with a primary emphasis on current and advance planning and environmental impact, protection, and compliance issues. Successful performance of the work requires a broad professional background as well as skill in coordinating assigned work with that of other City departments and public agencies. Responsibilities may include assisting with performing specified departmental day-to-day administrative functions. This class is distinguished from Planning Director in that the latter has overall responsibility for all planning functions and for developing, implementing, and interpreting public policy.

EXAMPLES OF ESSENTIAL JOB FUNCTIONS (Illustrative Only)
Management reserves the right to add, modify, change or rescind the work assignments of different positions and to make reasonable accommodations so that qualified employees can perform the essential functions of the job.

- Serves as project manager for multiple complex current and/or long-range planning projects and special planning studies, including in-depth application and plan review, coordination with applicants to obtain additional information and project changes, preparing legal notices, posting notices on sites, background research, preparing staff reports, attending public hearings and making presentations, monitoring implementation measures and conditions of approval, checking submittals for building plan check, and inspecting development and capital improvement sites at the beginning and upon completion of the project; reviews project applications and plans submitted for Planning Commission, and City Council considerations at public hearings.
- Interprets and applies Federal, State, and local laws, rules, and regulations to ensure that public and private projects are in compliance, including the California Environmental Quality Act (CEQA), Subdivision Map Act, Public Resource Code, City of Piedmont General Plan, Specific Plans, Design Specifications, and Local Guidelines and procedures.
- Interacts and communicates with a variety of individuals and groups at the public service counter, in the field, over the telephone, at public hearings, and in discussion forums, including other City departments and public agencies, elected and appointed City officials, developers, consultants, architects, engineers, attorneys, appraisers, real estate agents, property owners, and the general public for the purpose of obtaining or providing information, coordinating activities, processing projects, negotiating plan changes, and formulating recommendations.
- Conducts site and policy background research to obtain information for the preparation of staff reports, correspondence, memoranda, policy documents, procedure documents, and presentations to supervisory, inter-departmental staff, or governing bodies; reads, interprets, analyzes, and explains a wide variety of technical documents, studies, and practices related to traffic, noise, plant and animal resources, archaeological resources, paleontological resources, cultural resources, geotechnics, water quality, air quality, and legislation that may impact the City’s planning projects.
- Prepares and releases requests for proposals for technical consultant services; establishes selection criteria; evaluates proposals and conducts interviews in conformance with City policy; coordinates with and recommends needed contract management provisions and controls; manages and oversees technical consultants’ work products to ensure adherence to City standards and legal provisions; ensures that deliverables are submitted on time and budget and that progress and payment requests are consistent with City policy and contract provisions.
Essential Job Functions, cont.

- Provides management oversight, administration, and lead direction to staff on regional programs and projects such as climate change, energy management, housing, waste management, and transportation; plans, organizes, oversees, and directs all aspects of assigned programs, including legal and regulatory compliance to avoid substantial fines, coordinates with private businesses and governmental agencies regarding the program as needed.
- Conducts plan check of building permit-level plan submittals associated with complex projects to verify compliance with project approvals and zoning requirements; conducts over-the-counter plan check of less complex development proposals and land uses; approves minor development and design review plans.
- Coordinates project reviews by other City departments and outside agencies and consultants.
- Evaluates the conclusions of initial studies, mitigated negative declarations, environmental impact reports, and uses the evaluation to formulate a recommendation on projects; monitors project compliance with environmental document mitigation measures and conditions of approval.
- Performs specialized planning functions such as environmental review.
- Conducts and supervises planning studies in the community; gathers data for implementing or evaluating current and advance planning projects; makes recommendations.
- Participates in General Plan amendments and updates; participates in and makes recommendations regarding policy development; observes, identifies, and responds to policy and procedure-related questions and concerns; communicates any observed deficiencies to management; participates in creating new policies and procedures as necessary.
- Participates in development and implementation of amendments and updates to the Zoning Code and Design Review Guidelines; observes, identifies, and responds to procedure-related questions and concerns; identifies existing deficiencies in criteria and opportunities for improvements.
- Represents the City and presents oral reports at public meetings and hearings as necessary.
- Provides staff support to a variety of boards and commissions; attends and participates in professional groups and committees; provides technical and professional support to departmental management staff and other City departments and the public; advises other departments regarding planning and/or environmental review requirements, budgets, and timelines to facilitate adequate project planning.
- May review project applications and plans submitted for Planning Commission hearings.
- May hold and conduct Planning Commission meetings, under supervision, providing background and technical assistance to Board members.
- Assists in the development and administration of goals, objectives, policies, and procedures related to the division; drafts formalized policies and procedures with supervisory confirmation.
- Performs other duties as assigned.

QUALIFICATIONS

Knowledge of:

- Modern principles and practices, technical and legal issues of urban and regional planning, zoning, urban economics, demographics, and environmental planning and program management.
- Geographic, socio-economic, transportation, political, environmental, and other elements related to city planning.
- Comprehensive plans and current planning processes and the development process.
- Site planning, urban, and architectural design principles.
- General concepts of architecture, landscaping, grading, drainage, traffic and transportation engineering as they relate to the process of urban planning.
- Operational characteristics, services, and activities of a comprehensive environmental planning program.
- Applicable Federal, State, and local laws, codes, and requirements and related reports.
- Project management and contract administration principles and techniques.
- Research and reporting methods, techniques, and procedures.
- Recent developments, current literature, and sources of information related to planning, zoning, and environmental review.
- Modern office methods, practices, procedures, and equipment, including computer hardware and software necessary for graphic presentation, mapping, and database management.
- Practices of researching planning and land use issues, evaluating alternatives, making sound recommendations, and preparing and presenting effective staff reports.
- Principles of advanced mathematics and their application to planning work.
- Methods and techniques of effective technical report preparation and presentation.
- English usage, grammar, spelling, vocabulary, and punctuation.
- Techniques for effectively representing the City in contacts with governmental agencies, community groups, various business, professional, educational and regulatory organizations, and with property owners, developers, contractors, and the public.
- Techniques for providing a high level of customer service by effectively dealing with the public, vendors, contractors and City staff.
Ability to:

- Interpret and explain planning and zoning programs to the general public; identify and respond to issues and concerns of the public, City Council, and other boards and commissions.
- Read plans and specifications and make effective site visits.
- Assess, monitor, and report environmental impact on and of various City programs and services.
- Analyze site design, terrain constraints, land use compatibility, utilities, and other urban services.
- Conduct complex research projects, evaluate alternatives, and make sound recommendations.
- Read, interpret, apply, and explain technical written material and complex Federal, State, and local policies, procedures, laws, regulations, ordinances, and City planning policies and procedures.
- Provide qualitative evaluations of architectural plans and designs and communicates alternative design solutions/options to applicants.
- Perform mathematical and planning computations with precision.
- Effectively represent the department and the City in meetings with governmental agencies, community groups, and various business, professional, and regulatory organizations and individuals.
- Coordinate assigned activities with other City departments and agencies as required.
- Direct the work of contract consultants.
- Prepare and present clear, concise, and logical written and oral reports, correspondence, policies, procedures, and other written materials.
- Establish and maintain a variety of filing, record-keeping, and tracking systems.
- Make sound, independent decisions within established policy and procedural guidelines.
- Organize and prioritize a variety of projects and multiple tasks in an effective and timely manner; organize own work, set priorities, and meet critical time deadlines.
- Operate modern office equipment including computer equipment and specialized software applications programs.
- Use English effectively to communicate in person, over the telephone, and in writing.
- Use tact, initiative, prudence, and independent judgment within general policy, procedural, and legal guidelines.
- Establish, maintain, and foster positive and effective working relationships with those contacted in the course of work.

Education and Experience:
Equivalent to graduation from an accredited four-year college or university with major coursework in urban planning, community development, architecture, business or public administration, or a related field and five (5) years of professional experience in planning, zoning and related community development activities, or two (2) years of experience as Associate Planner at the City of Piedmont. Interest in transportation planning and architecture preferred.

Licenses and Certifications:
- Valid California class C driver’s license with satisfactory driving record and automobile insurance. The City of Piedmont monitors DMV record information over the course of employment.

PHYSICAL DEMANDS
Must possess mobility to work in a standard office setting and use standard office equipment, including a computer, to inspect City development sites, including traversing uneven terrain, climbing ladders, stairs, and other temporary or construction access points; to operate a motor vehicle, and to visit various City and meeting sites; vision to read printed materials and a computer screen; and hearing and speech to communicate in person, before groups, and over the telephone. This is primarily a sedentary office classification although standing in work areas and walking between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push and pull drawers open and closed to retrieve and file information. Employees must possess the ability to lift, carry, push and pull materials and objects weighing up to 25 pounds.

ENVIRONMENTAL ELEMENTS
Employees work in an office environment with moderate noise levels, controlled temperature conditions, and no direct exposure to hazardous physical substances. Employees may work in the field and occasionally be exposed to loud noise levels, cold and hot temperatures, inclement weather conditions, road hazards, vibration, mechanical and/or electrical hazards, and hazardous physical substances and fumes. Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.
COMPENSATION
Base Salary: $6,719 - $8,167/per month
Other: Additional 1% of salary for obtaining and maintaining American Institute of Certified Planners (AICP) credentials through the American Planning Association.
Auto Allowance: $200/per month

• Vacation: Accrue 11 days per year to start
• Holidays: 13 days per year
• Personal Leave: Up to 10 days per year
• Sick leave accrual
• Deferred compensation, credit union and tuition reimbursement available
• Children of full-time City employees are eligible to attend school in the Piedmont Unified School District. Additionally, the elementary school aged children of the Senior Planner are eligible to attend the City’s after school program at no charge.

THE APPLICATION PROCESS
To be considered for this employment opportunity, a City Employment Application, Cover Letter and Supplemental Questionnaire must be submitted by 5 pm, Friday, August 26, 2016, to City of Piedmont, Attn: Stacy Jennings, 120 Vista Avenue, Piedmont, CA 94611. The application is also available on our web site @ www.ci.piedmont.ca.us. Postmarks, e-mails and faxes will not be accepted. Incomplete applications will not be accepted. The City of Piedmont complies with EOE, AA and ADA. Examinations may be assembled, unassembled, written, oral, practical demonstration, or any combination thereof. All applicants should alert the personnel officer in advance if any accommodation is necessary to perform the job function or test. We comply with the ADA and consider reasonable accommodation measures that may be necessary for eligible applicants/employees to perform essential functions. Hire may be subject to passing a medical examination by a city physician, including a drug screen and TB testing, and to skill and agility tests. All offers of employment will be conditional upon satisfactory proof of applicant’s authority to work in the U.S. as required by the Immigration Reform and Control Act.

Candidates under final consideration for employment with the City should expect to undergo an employment reference/background check that may include, but is not limited to: employment history, confirmation of educational credentials and degrees, licenses including driver's license, registrations, certificates, and other credentials as part of the appointment process. Some positions, depending on the nature of the work, also require a credit check and a review of Summary Criminal History obtained from the State Department of Justice through Live Scan Fingerprinting.
