

FMG ARCHITECTS IS GROWING!

POSITION TITLE: INTERMEDIATE LEVEL ARCHITECT
LOCATION: OAKLAND, CALIFORNIA

DESCRIPTION

We are seeking energetic, talented individuals to join our innovative team. FMG is recognized as a leader in the design of transportation facilities, specifically rail and bus facilities, airport and water ferry terminals, operations and maintenance buildings, and parking structures with offices in San Francisco, Oakland and Los Angeles. The successful applicant will become an integral part of our team. We offer opportunities for career growth and competitive salary and benefit packages.

- The majority of the work assignments are with public sector clients, focusing on transportation related projects including light rail, heavy rail, bus facilities and airports.
- Production of design and construction documents will be under the direction of a Project Manager or Senior Architect.
- Responsibilities include development and production of construction documents including detailing and coordination.
- Ability to work in a team environment on several projects with multiple deadlines.

QUALIFICATIONS

- 3-5 year accredited Bachelor of Architecture or Master of Architecture Degree
- Professional working experience in an architecture firm, preferably producing public sector projects
- Interest in transportation projects
- Ability to take direction from Project Architect and Project Manager
- Working knowledge in production of construction documents including drawings and specifications
- Proficient in AutoCAD and Revit
- Proficient in Microsoft Office
- Excellent communication and organizational skills
- Able to work in both Bay Area offices

Experience

3-5 years
