Position:

ASSISTANT TRANSPORTATION PLANNER
ASSOCIATE TRANSPORTATION PLANNER

The Firm:

Green DOT Transportation Solutions was started in 2011 to fill a niche role in transportation planning services. Our goal is to improve transportation facilities and the associated human travel experience through progressive planning approaches, comprehensive project development, and aggressive project delivery strategies. We work with the built, natural, and human environments to develop effective transportation plans and programs that ultimately create safe, efficient, and effective transportation solutions. We are strategically located in Chico in Butte County, CA and provide services to public agencies throughout northern California. We work on planning documents ranging from Regional Transportation Plans, Active Transportation Plans, grant applications, Corridor Studies and specific roadway planning projects, and perform administrative, project development, and project delivery services for regional transportation planning agencies.

Typical Duties:

- Serves as support for multiple complex current and/or long-range planning projects, special planning studies, and grant application preparation, including in-depth application and plan review.
- Participate in project meetings and conferences with commissions, committees, government agencies, and other groups; provides technical staff support to various County commissions.
- Gathers and evaluates data for various planning duties relating to transportation and demographic/economic data.
- Compile findings and prepare recommendations in written form for projects, including project analysis.
- Assists in the design and development of advanced transportation plans from acquired data.
- Makes field trips and investigations pertaining to transportation planning projects.
- Prepares and assembles maps, tables, charts and reports on transportation planning projects.
- Assists with implementation of multi-modal transportation planning studies, bicycle and pedestrian planning and project development activities.
- Prepares recommendations and does graphic presentations.
- Makes public presentations to community groups and government Commissions and Boards.
- Participates in complex design and illustration work.
- Coordinates project teams.
- Performs related duties and responsibilities as required.

Desired Qualifications:

Assistant Planner:

Equivalent to a bachelor's degree from an accredited four-year college or university with major coursework in planning, geography, or a closely related field;

Associate Planner:

Equivalent to a bachelor's degree from an accredited four-year college or university with major coursework in planning, geography, or a closely related field;

AND

Two (2) years of experience at a level equivalent to Assistant or Associate Transportation Planner.
