## Feasibility Analyst (Part-Time/Full-Time)

### Overview

Brick+Work is a company specializing in providing financial feasibility analysis and zoning due diligence reporting to a wide variety of Clients. We are currently looking for people to assist with the research and report preparation of a high volume of project sites within the City of Los Angeles.

### ESSENTIAL JOB FUNCTIONS/RESPONSIBILITIES

1. Review and analyze sites for potential redevelopment and prepare reports identifying the maximum development potential.
2. Conduct necessary due diligence tasks to identify site constraints, including zoning research, surveys, and site investigations.
3. Prepare feasibility analysis responding to specific project criteria.
4. Review regulatory requirements for each site and advise Clients on applicability to prospective projects.
5. Perform administrative tasks associated with pipeline development and site due diligence.
6. Generate building massings of potential ADU development.
7. Utilize Adobe, ESRI and AutoDesk Products to create site reports and other graphic design items.
8. Provide assistance to other team members as necessary.

**EDUCATION:** Completion or near completion of Bachelor's degree required in Urban Studies and Planning, GIS, Geospatial Analysis, GeoDesign or related field.

**EXPERIENCE:** Preferred minimum of 1 year in professional planning, design, real estate work, with demonstrated strong analytical capabilities and written/verbal skills. Will consider other qualifications if available.

### ABILITIES:

- Demonstrated understanding of Planning Principles, working knowledge of the Los Angeles Municipal Code (LAMC), and other related LA City Policy or standards.
- Perform under pressure with multiple interruptions, meet deadlines; work independently and prioritize effectively within tight time constraints.
- Strong time management and organizational skills with attention to detail and accuracy.
- Demonstrated superior written, verbal communication and relationship management skills.
- Highly effective problem solving and flexibility while remaining focused on solutions.
- Advanced proficiency with MS Word, Excel, Outlook, Project, and PowerPoint.
- Represent Company in a professional manner at all times.
