Urban and Regional Planners

## Positions Available

### **Planner (Comprehensive)**

### **Planner/Urban Designer**

Dyett & Bhatia ([www.dyettandbhatia.com](http://www.dyettandbhatia.com)) is an award-winning 20-person urban planning firm, with a focus on preparing long-range plans for cities, and a portfolio of work throughout the western U.S. Our office is in the vibrant Jackson Square District in downtown San Francisco, easily reached by transit, with scores of restaurants and cafés within walking distance. We are looking to fill two positions.

#### **Planner (Comprehensive)**

We are looking for a Planner with strong writing and analytical skills to work on a range of long-range planning assignments, such as general plans, specific and community plans, and zoning. Projects are located throughout California. Work will involve research and analysis, preparing plans and environmental review (CEQA) documents, and assisting with community outreach and project coordination. Ideal candidate will have exposure to California planning practice and/or geographic familiarity with the state, some prior experience in land use or environmental planning, and interest in contemporary issues such as climate change and sustainability.

#### Qualifications, Skills and Experience

- Graduate degree in urban planning
- Excellent writing, research, and organizational skills
- Ability to take initiative and work independently in a fast-paced environment
- Working knowledge of ArcGIS is desirable
- Some prior California planning experience is desirable

#### **Planner/Urban Designer**

This position will focus on urban design aspects of a range of planning assignments, including station area, downtown, corridor, and community plans. The Planner/Urban Designer will also contribute to general plans and zoning regulations. The ideal candidate will blend strong urban design skills with writing and analytical ability. Work will include creating computer models, drawings and maps; writing reports and plans; and facilitating community workshops and related outreach activities. This is not a “production” position; candidate should be able to take initiative, think creatively, and manage discrete assignments.

#### Qualifications, Skills and Experience

- Degree in architecture or landscape architecture, or city planning with an urban design focus
